Kindergarten – BEST START Parental Feedback

Kindergarten children starting at Wellington Public School undertook the Best Start assessment during their first week at school. BEST START has been developed by early learning experts in the Department of Education and Training and gives our teachers, and those teaching Kindergarten across New South Wales, a common set of high quality assessment tools and professional training.

Parental feedback and advice following on from BEST START has been sent home with all Kindergarten children. If you have not yet received feedback for your child, please check their school bag or contact the school office.

The National Assessment Program - Literacy and Numeracy will be held on the 12th, 13th and 14th May this year. Language Conventions (Spelling, Punctuation and Grammar) and Writing will be held on the Tuesday, Wednesday is Reading and Thursday is the Numeracy assessment. Friday, 15th May, is scheduled as a catch-up day for student who may have missed at least one test due to absence. All students in these grades are expected to participate in the NAPLAN.

Disability adjustments which reflect the students normal level of support in the classroom may be provided. Large print, Braille, coloured paper versions and electronic tests are available to meet the needs of individual students as necessary.
Access to Disability adjustments or exemption from the tests must be discussed with the school principal and a parent or carer consent form must be signed.

Students may be withdrawn from NAPLAN by their parent or carer. This is a matter for consideration by parents in consultation with the Principal. If you wish to withdraw your child from the tests, a parent or carer consent form must be signed. Further information will follow before the 24th April.

**Parents and Citizens Association Meetings**

The Annual General Meeting (AGM) and the March meetings will be held this Wednesday, 4th March, 2015. Meetings are held in the staffroom and commence at 6:30 pm. New members are always welcome however, must already be financial members to be allowed to vote for executive positions declared vacant at the AGM. If you would like to be more involved with your school please come along.

**Sky Stories**

We will again be participating in this program in partnership with Charles Sturt University.

Mrs Morley has the responsibility of providing this program experience to senior students and our achievements over the last two years have been recognised by the University’s co-ordinators. Yesterday, Mrs Morley had to attend the Orange campus to talk about a brief video clip depicting the level of parent and community engagement around the evening Sky Stories presentation that was held last year as a culmination of what had been achieved at Wellington Public School.

We are very proud of Mrs Morley and everyone who has assisted in this program because we a building a well-recognised and supportive partnership with the university.

Our original involvement grew out of the work that continues in our school in the Future Moves project. This is aimed at having students gain awareness of career possibilities and the educational standards needed to achieve their personal aspirations.

Some of the ones we have learned about are Fantasy, Realistic Fiction, Informational books and Legends. Have a chat with your child, to see if they can tell you what we have discussed. Remember your child will need a Library Bag to borrow a book from the school library. We have these wonderful bags for sale in the Main Office for $8 each.

Compulsory School Attendance

Information for parents

Education for your child is important and regular attendance at school is essential for your child to achieve their educational best and increase their career and life options. NSW public schools work in partnership with parents to encourage and support regular attendance of children and young people. When your child attends school every day, learning becomes easier and your child will build and maintain friendships with other children.

What are my legal responsibilities?

Education for New South Wales is compulsory for all children between the ages of 6 years and below the minimum school leaving age. The Education Act 1990 requires that parents ensure their children of compulsory school age are enrolled, and regularly attend school, or, are registered with the Board of Studies, Teaching and Educational Standards for homeschooling.

Once enrolled, children are required to attend school each day it is open for students.

The importance of arriving on time

Arriving at school and class on time:

- Ensures that students do not miss out on important learning activities scheduled early in the day
- Helps students learn the importance of punctuality and reliability
- Give students time to greet their friends before class
- Reduces classroom disruption

Late arrivals are recorded as a partial absence and must be explained by parents.

What if my child has to be away from school?

On occasion, your child may need to be absent from school. Justified reasons for student absences may include:

- Being sick, or having an infectious disease
- Having an unavoidable medical appointment
- Being required to attend a recognised religious holiday
- Exceptional or urgent family circumstances (e.g. attending a funeral)

Following an absence from school, you must ensure that within 7 days you provide your child’s school with a written or verbal explanation for the absence. However, if the school has not received an explanation from you within 2 days, the school may contact you to discuss the absence.

If your child is absent from school, the principal may request medical certificates or other documentation from your child’s medical professional. If you are unable to provide this documentation in a timely manner, you may receive a letter or a phone call from the school.

Travel

Families are encouraged to travel during school holidays. If travel during school term is necessary, discuss this with your child’s school principal. Principals may require medical certificates or other documentation to support your child’s absence.

Principals may request medical certificates or other documentation when frequent or long-term absences are explained as being due to illness. Principals may also seek parental permission to speak with medical specialists to obtain information to collaboratively develop a healthcare plan to support your child.

If the request is denied, the principal can record the absences as unjustified.

What might happen if my child continues to have unexcused absences?

It is important to understand that the Department of Education and Early Childhood Services may require to take further action when children of compulsory school age have unexcused numbers of absences or unjustified absences from school.

Some of the following actions may be taken:

- Compulsory Schooling Conference
- You may be asked, along with your child, to attend a Compulsory Schooling Conference. The conference will help the principal to support your child and maintain attendance at school.

In some circumstances, students may be ineligible to enrol in distance education for travel periods over 50 school days. This should be discussed with your child’s school principal.

My child won’t go to school. What should I do?

You should contact the principal as soon as possible to discuss the issue and seek help. Strategies to help improve attendance may include a referral to the school’s learning support team or helping your child with appropriate support networks. The principal may seek further support from the Region’s School Liaison Program to develop an Attendance improvement plan.

What happens if a student misses as little as 8 days in a school term, by the end of primary school they will have missed over a year of school.

Further information regarding school attendance can be obtained from the following websites:

- Policy, Information and Resources:
  https://www.education.nsw.edu.au

- The school leaving age:
  https://www.education.nsw.edu.au/leavingage

- Do you need an interpreter?
  Interpretation services are available on request, including for deaf hearing impairments. The Developmental Disability Interpreters is available between 7 days a week on 131 195. You will not be charged for this service.

For further advice and information contact your education services coordinator.

"Jack Flash and the Jumping Beanstalk" by Gregory Cooper

Date Thursday 5th March, Cost $5 per student, Time 1:40pm in GL Hall.

"Jack Flash and the Jumping Beanstalk"

It’s an environmental emergency of preposterous proportions! Giant pieces of garbage keep dropping on the hapless inhabitants of A Land Far Far Away and nobody knows who’s responsible.

As usual when anything bad happens, all eyes turn to Jack Flash, the young boy with a long history of practical jokes and mischief making. The Mayor even decides to ‘cowfiscate’ his favourite cow and only friend Daisy as punishment.

Jack knows the only way to clear his name is to find out who this giant litterbug really is, and with the help of a feisty Mexican Jumping Bean determined to sprout, Jack begins the climb of his life.

Our popular writer Greg Cooper is back with more laugh-a-minute theatre catering for ages 5-13. This interactive adaptation of Jack and the Beanstalk will have your school (including teachers) on the edge of their seats from start to finish as they join Jack in his quest to save the environment.

I give permission for my child/ren
